## Directions

#### STEP 4:

- You will be redirected to the AHIP website, but through Cigna's site license.
   From here you will be asked if you want to transmit your certification to Cigna.
- Click Transmit.

### STEP 5:

Once you have transmitted your AHIP certification, return to the Learning
 Center and complete all the required courses under the Field section (marked REQ.)

### STEP 6:

- The certification course will begin.
- Some slides will prompt you to interact with certain items onscreen to move to the next slide.
- Once you are finished with each slide, use the arrows to go forward to the next slide, or back to the previous.

#### ce Program Exa

- 1. Tim, a sales agent completed the review of Cigna policies and procedures and signed the attestation to comply last year. Will Tim be required to complete the review and attestation again this year
  - A. Only direct employees of Cigna are contractually obligated to review the policies and procedures and sign an attestation yearly.
  - B. No, the attestation is only a one-time requirement and is not required yearly.
  - C. Cigna does not have any policies, procedures reviews, and/or attestation requirements for broker agents.
  - O D. All sales agents of Cigna are contractually obligated to review and abide by the policies and procedures and sign an attestation yearly
- 2. Shelly Brown, a broker agent, shares the same office space and equipment with her real estate agent sister, Simone. Simone often provides MA leads to Shelly and both cooperate closely together. Considering their family and professional ties, which of the following safeguards are necessary for Shelly to implement in securing beneficiaries' data?
  - A. Refraining from disclosing confidential information in phone conversations when others are present
  - B. Store all protected, printed information in a locked cabinet that is separate from her sister's
  - C. Both A&B.
  - D. None of these
- 3. Kate, a broker sales agent, suspects a disclosure of a member's PHI and decides to report her suspicion to the privacy officer. Turns out after investigation that there really was no disclosure of PHI. Which of these options appropriately describes her actions'
  - A. She should have been a bit more restrained. She ended up wasting the investigators' time.
  - B. She did the right thing; reasonable suspicions of disclosure of PHI should be reported.
  - C. She should have reported only to her manager, never to the privacy officer.
  - D. She should have made certain that there was a disclosure before reporting

#### Compliance Program Exam 9
